CONTROLLED SUBSTANCE REGISTRATION (CSR)

Enclosed is an application for your CSR. Please read the instructions attached to the CSR application on how to complete the form and the fee required.

Applicants must have an active Indiana veterinary license before they can obtain an Indiana CSR. Veterinarians must hold one CSR in order to prescribe controlled substances in the State of Indiana. An additional, separate registration is required for each practice address at which a veterinarian practitioner physically possesses controlled substances to administer or dispense. A separate registration is NOT required for each place where a veterinarian merely prescribes controlled substances. One valid CSR is sufficient for a veterinarian to prescribe controlled substances throughout the State.

Applicants must use an Indiana practice address when applying for a CSR. The CSR can only be mailed to the address submitted on the application. A CSR will only be issued to a street address; post office boxes will not be acceptable unless accompanied by a street address. An application with an incomplete or out of state address will be returned. Veterinarians must notify the Health Professions Bureau in writing of any change of address.

Applicants may apply for a CSR at the same time they apply for their veterinary license. However a CSR will not be issued until the applicant has met all criteria as listed within the CSR Instructions.
